

Oil/Fluid Drain Pan 17ltr

Model No: **DRP03**

These drain pans have a broad appeal and are suitable for both the DIY user and professional mechanic. Purpose made for the recovery of oil and antifreeze, these pans help keep the workshop floor free from oily residue and aid return of oil to recycling containers with minimum risk of spills or splashes. These pans are suitable for parts cleaning operations with water based solvents such as Sealey AK25. Check the features: Made from high density Polyethylene with UV stabiliser. Heavy wall construction stays rigid, even with hot oil. Excess capacity helps prevent overflow or spillage. Large handles featured on models DRP02-DRP05, are positioned to aid carrying and pouring. Resistant to most chemicals and solvents*. Will not dent or rust and is easy to clean. *Not suitable for spray gun cleaner Model No: DRP03 Suitable for multiple oil changes. Features anti-splash lip that contains fluid when carrying or pouring. Large handles and enclosed pouring spout makes easy work of returning oil/fluid to recycling container.

Technical Specification

Model No:DRP03
Capacity:17ltr
Approximate Diameter:460mm
Height:150mm

Antifreeze/Fluid Drain Pan 17ltr

Model No: **DRP04**

These drain pans have a broad appeal and are suitable for both the DIY user and professional mechanic. Purpose made for the recovery of oil and antifreeze, these pans help keep the workshop floor free from oily residue and aid return of oil to recycling containers with minimum risk of spills or splashes. These pans are suitable for parts cleaning operations with water based solvents such as Sealey AK25. Check the features: Made from high density Polyethylene with UV stabiliser. Heavy wall construction stays rigid, even with hot oil. Excess capacity helps prevent overflow or spillage. Large handles featured on models DRP02-DRP05, are positioned to aid carrying and pouring. Resistant to most chemicals and solvents*. Will not dent or rust and is easy to clean. *Not suitable for spray gun cleaner Model No: DRP04 Colour coded version of DRP03 helps keep different fluids isolated and reduces cross contamination. Suitable for multiple oil changes. Features anti-splash lip that contains fluid when carrying or pouring. Large handles and enclosed pouring spout makes easy work of returning oil/fluid to recycling container.
