

The TWP series torque wrench pump was designed with useful features usually reserved for more expensive pumps. The high flow rate, heavy-duty motor, and ease of use will ensure that the job gets done right, the first time.

Fully adjustable—and lockable pressure valve. Allows you to set the pressure you need to achieve the right amount of torque

This pumps comes with built in oil cooling as a standard feature enabling you to be more productive.

High strength, light weight, aluminum alloy reservoir and pump body making it extremely portable

Hand held remote control for easy operation

High efficiency TEFC induction motor starts under the toughest loads

4 Port valve design allows operation of 2 torque wrenches at the same time

Easy to read pressure gauge and oil level sight ensure your pump is working properly

High strength aluminum roll cage protects the pump in the harshest environments

Model	Number of wrenches	Flow Rate (In3/Min)		Oil Capacity	LxWxH (IN)	Motor	Weight Without Oil (LBS)
		1 <sup>st</sup> Stage	2 <sup>nd</sup> Stage	Litre			
<b>TWP-2BF</b>	1 or 2	550	48	1.5	17.3 x 10.2 x 23.6	220V 50HZ 1.3hp	60.5

## TORQUE WRENCH ACCESSORIES
