

FLOW METERS

EZ-VIEW Flow Meters

Specifications:

Operating Pressure:
16 bar

Temperature Range:
-25°C to +75°C

Max Wattage:
20Watt

Max Inrush:
30VA

Insulation Protection:
IP67

Voltage Range:
10-240Vac, 10-240Vdc

Cable Length:
1 mtr. approx.

Ez-View Flow Meters feature a standard cylindrical walled piston for maximum visibility with opaque liquids. Constructed from Polysulphone and stainless steel for greater tolerance. The flow meters are available in standard indicator form or with the additional flow switch option.

- Works in any Plane
- Switching Option
- 3/4" BSPT Connections
- Suitable for Oil & Water
- Direct Reading
- 4 Flow Ranges up to 100 LPM

Standard EZ-VIEW Water Meters, BSPT

2018-2838	3/4"	1-15
2018-2853	3/4"	4-35
2018-2887	3/4"	7-65
2018-2903	3/4"	10-105

EZ-VIEW Water Meters & Flowalert Signal, BSPT

2018-2846	3/4"	1-15
2018-2879	3/4"	4-35
2018-2895	3/4"	7-65
2018-2911	3/4"	10-105
